***“Birth – The Visited Planet”***

“The God of power, as he did ride  
In his majestick robes of glorie  
Resolved to light; and so one day  
He did descend, undressing all the way.”

—*George Herbert*

As we begin this Christmas Season, we are mindful that we celebrate the Feast of the Incarnation. Our God, the Creator, in Jesus, has become one with Creation. Heaven and Earth have united in the person of Jesus of Nazareth.

As we grow in our knowledge, understanding, and acceptance of this Mystery, we discover great joy, peace and security.

May these days be filled with celebrations of life, love, family and faith.

Live confidently. Sleep securely. Love without fear. Share life generously. Die without regrets. Our God, Emmanuel, is with us today and always!
